ELTON BIBLE CONFERENCE (HISTORICAL EVENT)

1002 MAIN STREET, ELTON, LA

Louisiana Historical Marker Program

gofundme™

DID YOU KNOW?

In December 1915, the Elton Bible Conference served as a pivotal moment in the development of the Pentecostal movement.

Attended by key religious figures, the conference was the platform where the "Oneness" doctrine was introduced and widely accepted. This gathering led to a significant shift in baptismal practices and was instrumental in the formation of several modern religious organizations, including the United Pentecostal Church International, which practices baptism in the name of Jesus Christ.

Louisiana Private Investigations & Intelligence Agency conducted in-depth research on the Elton Bible Conference. Upon completion, we submitted an application to the Louisiana Office of Tourism to erect a historical marker at the site to commemorate where the conference took place. The application was APPROVED!
